Tidewater: launch brief

One page, for the two of us and anyone who helps. Version 3, 20 October 2026.

What it is

Tide times, currents and wind for 2,400 launch spots in the UK and Ireland, offline once opened. iOS and Android. Free for three spots, then GBP 2.99 a month.

Who it is for

Sea kayakers and paddleboarders who plan around the water, not the clock.

Goals for launch day, Saturday 5 December

- 300 people on the waitlist by the end of week 4
- 1,000 installs in the first month; 4.5 stars or better
- No paid ads: clubs, forums and two paddling podcasts

Budget

USD 259 in all: domain and mail 40, a launch video 120, stickers for clubs 99.

Open questions

- Is GBP 2.99 right, or should there be a yearly price?
- Do we launch in Ireland on the same day?
